Learn more about insects!

Q1 Exhibition venues

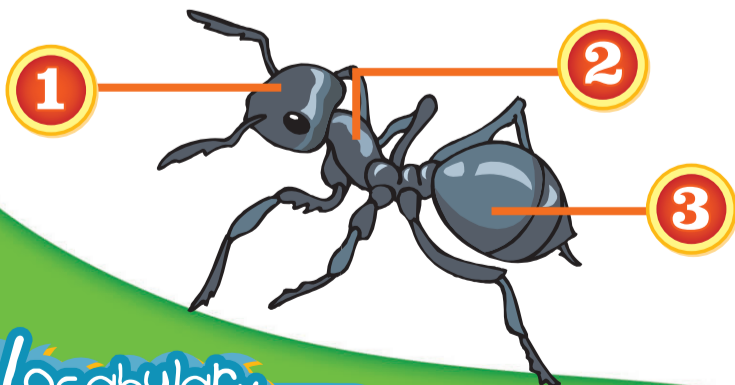

THE schedule of the Insect World exhibition is as follow:

Tai Po Waterfront Park	10 - 11 November
Yuen Long Park	12 - 18 November
Tuen Mun Park	19 - 25 November
Kowloon Park	26 November - 2 December
Hong Kong Park	3 - 7 December
Hong Kong Zoological and Botanical Gardens	8 - 16 December

Mr Lee would like to visit the exhibition this Saturday. Which park should he visit?

Q2 An insect body

THE body of an insect is usually divided into three main parts: **head**, **thorax** and **abdomen**. Can you identify the parts of the ant below?

Vocabulary

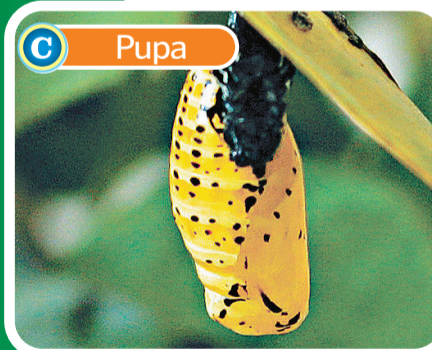

insects 昆蟲
largest 最大的
venue 地點
head 頭部

thorax 胸部
abdomen 腹部
metamorphosis 變態
belong 屬於

Answers:
Q1. Hong Kong Zoological and Botanical Gardens; Q2. 1. Head, 2. Thorax, 3. Abdomen; Q3. D, B, C, A; Q4. Frog

Q3 Metamorphosis

INSECTS go through an amazing process of change known as **metamorphosis**. These pictures show the metamorphosis of a butterfly. Rearrange them in the right order.

Q4 The insects

WHICH of the following does not **belong** to the insect family? Pick it out.

Ant

Butterfly

Cockroach

Frog

Grasshopper
